

LET'S NAVIGATE Crohn's Disease TOGETHER

Life with Crohn's disease can feel like it revolves around constant planning, pain, and uncertainty. Maybe it's time to explore a different route—discover what could be possible through clinical research. Learn more about the LATITUDE CD Study.

You may be able to participate in the LATITUDE CD Study if you:

- Are 18-75 years old
- Were diagnosed with Crohn's disease and are currently experiencing symptoms
- Have tried at least 1 other treatment for your Crohn's disease that didn't work
- Are interested in an investigational oral treatment

If you qualify and choose to participate, you will receive all study-related care at no cost. Compensation may be provided for travel and expenses.
